Dear Parents and Campers,

We are happy to offer Dance and Tennis Camp again this summer. Each specialty camp is run by an outside professional instructor with experience both in the sport and teaching. There are a few important things to note when deciding on specialty camps. First, they are completely optional. Campers will have opportunities to participate in all the activities in our regular schedule, whether or not they choose a specialty camp. These extra camps are for those campers who wish to receive additional instruction. Scheduling for these specialty camps requires lessons to take place during rest hour, hobbies, and free swim periods. Campers must understand they will miss some of these periods when sign up for one or more of these options.

Dance Camp \$65

The program will be highlighted by a performance in front of the entire camp. There will also be a performance for parents and guests on Visiting Day. This summer we will, for the eleventh year, have Erin Griffith as our dance choreographer. Erin is a teacher/director at the Marlyn Abramson School of Dance. She has performed with the Donetsky Ballet Company and has trained with the University of the Arts. Her training and special skills include: Jazz, Tap, Ballet, Modern, and Hip Hop. Our campers love her.

Tennis Camp \$65

This camp within a camp will feature 7 hours of tennis instruction. We are excited to have Brett Shavitz join us for his fourth summer. Brett began playing tennis at 9 years old under the instruction of Fred Perrin (our former tennis camp instructor). He played in college where he was the #1 singles player and a finalist at this seed for 3 years in a row. Brett is currently the head women's tennis team coach at Holy Family University in PA which is an NCAA Division II school. He has been head coach there for 6 years and was named the CACC Coach of the Year in 2007-2008.
